

# Norfolk House Virtual School

Thank you to all parents who have kindly shared their views on the online learning experience for their child throughout this period. In partnership with you as parents we have ensured continuity of education and maintained the Norfolk House school community feel, even if remotely.

“

"We would like to thank all teachers from Form 4 and specially Jane Harman for your titanic effort in keeping children's learning and mental wellbeing progressing so well during these exceptional months. It truly has been testing for all, but we have been delighted to see our son grow in confidence, independence and capacity to manage his school work these past few weeks. We are aware of all the work that must go on behind the scenes to prepare all those live lessons, videos, activities, etc."

"I wanted to say how impressed we've all been with the school in general and organising the home schooling so well. Today has been brilliant, our children have finished the day feeling really proud of themselves and very positive about the whole experience. It's incredible really what you've all been able to achieve and we really are very thankful."

”

“

"Just wanted to say how happy we are with the home schooling set up. Our daughter is really doing well and we are delighted with her progress in these difficult times. We are trusting that the children will be back into school when it is safe to return and in the meantime please just keep up the good work. Thanks again!"

"I wanted to say thank you to all the teachers who have educated, motivated, enthused and reassured the children over the last couple of months. They have provided support and guidance to both children and parents, whenever we have reached out. I have been amazed by the multi-tiered, imaginative and engaging teaching methods employed by the teachers to keep the children progressing, especially in Maths, English, Music and Science lessons. My son has been guided and nurtured through this stressful time in an incredibly positive way."

”

“

"I'd like to say a huge thank you to you and all of the Norfolk House team. You have been amazing during this time. It's obviously been a huge change in our routines but you have all gone above and beyond to keep our children's education and well being intact."

"We wanted to say thank you for everything you guys are doing with the home learning. Both our boys are doing so well and both received a certificate for online whizz. Initially we were worried about the home learning but thanks to all your hard work it all fell into place very quickly and the boys took to it with ease."

”

“

"We wanted to share with you how impressed we are with your handling of continuing education at Norfolk House through the pandemic. The way in which the teaching has been delivered and how the children have been considered pastorally has been excellent, the teachers have been receptive and responsive as always. The transition back to school for our son has been smooth and he seems quite happy to be back."

"The work load for Reception seems gentle and paced just right. We really appreciate the fact that the lessons are held live and that the work is completed within the lesson with the incentive of showing/sharing work when we go back online with the teacher."

”

**Thank you to the entire Norfolk House community**

Innovate. Collaborate. Succeed.
